Product Summary

- Designed to balance performance and security in an elegant package. - Great for a budget, but still packs plenty of power. - It's energy efficient to minimize costs, yet features a sleek, modern look.

Product Description

Lenovo quality assurance tests show the lowest failure rates to date. The S510 include the same rigid performance and reliability specifications as users have come to expect.

The Lenovo is sleek, modern and has a clean-lined design. It requires much less space as standard desktop, making it a perfect addition for a home office.

Specification

- Intel I5-6400 - 120GB SSD - 4GB RAM - Mini Tower - Windows 10
